

CORPUS CHRISTI, TEXAS CITY WRECKED BY TROPICAL STORM

Property Loss in City in Estimated at About Three Million Dollars

Fifteen Bodies Have Been Recovered From Bay Many Are Reported Missing

TOLL OF THE GULF STORM
 Corpus Christi, Sept. 16—15 to 120 persons reported drowned, more than 200 in hospitals from injury and exposure; 3000 homeless; property damage in the Corpus Christi district estimated at \$3,000,000; 50 persons missing.
 Aransas Pass—1 drowned; several missing; heavy property damage.
 Rockport—Heavy property damage; several persons missing.
 Port Aransas—Complete destruction of Mustang Island when inundated by the tidal wave.
 Brownsville—Heavy property damage.
 Galveston—Normal life resumed today; some property damage. Sea wall saved the city.
 Portland—23 bodies reported recovered.
 Port Arthur—Some property damage.
 Sinton—3 bodies reported recovered on the coast out of town.
 Wire lines are down in nearly all of the devastated areas.

Dallas, Texas, Sept. 16—At least fifteen bodies have been recovered from the bay at Corpus Christi, Texas, according to dispatches reaching here early today following Sunday's terrific tropical storm.
 Fifty persons including thirty-five soldiers in a convalescent camp are missing. Property damage in the Corpus Christi district is estimated at \$3,000,000.

A report received from Beeville, Texas, this morning said 120 bodies had been taken from the bay at White Point and Portland last night. Relief was being rushed into the devastated area today. Supplies were expected to be sent from Laredo, San Antonio and other points.

The tidal wave at Corpus Christi was driven inland by a gale of 65 miles an hour. Water was ten feet deep in the city streets. North Shore, the city's pleasure resort, practically was swept clean.

The launch Waldo and party of fifteen left Corpus Christi for Port Aransas on a fishing expedition shortly before the storm struck. No word has been received from the party. Early today Corpus Christi was put under marshal law to prevent looting.

Soldiers were aiding in caring for three thousand homeless. Appeals for relief have been sent to the Red Cross at Washington and state officials. Governor Hobby announced at Austin that relief must be demanded immediately. Corpus Christi was without lights, water and gas last night. Food supplies were running short.

More Than 200 Bodies
 Houston, Texas, Sept. 16—More than 200 bodies have been recovered from the beach in the district centered around Corpus Christi, according to a message received today by W. G. Choate, assistant general manager for the federal railway office here from Dr. W. P. Reinehardt of Corpus Christi.

Reported From Sinton
 Sinton, Texas, Sept. 16—At least 100 persons are dead in Corpus Christi and vicinity Mayor Sparks of Sinton said today.
 At ten o'clock this morning seventy bodies had been identified according to the mayor's information. He

said the bodies were recovered in the following places: White Point, 38; Aransas Pass, 10; Rockport, 8. Thirty bodies were found at scattered points along the coast by the sea under work of the night. Rescuing parties had removed seventy-five bodies from the floating debris up till 9 o'clock this morning. Mayor Sparks said.

The town of Port Aransas was completely demolished and Rockport and Aransas Pass were heavily damaged. Rescuers are continuing the search in this district and it is believed the death toll may reach the 100 mark. Many bodies were washed for miles and there were scores of thrilling escapes reported. Several bodies were washed across the bay to Audon, south of here, and were brought to Sinton.

Medical Supplies by Air.
 Houston, Texas, Sept. 16—Dr. W. E. Ramsey, assistant city health officer, left here today in an aeroplane with medical supplies for the Texas storm district.

British Steamship Founders
 Galveston, Texas, Sept. 16—The British steamer Bayrouton bound from Galveston to Marseilles foundered and sunk in east gulf, wireless messages today announced. It is not known whether any of the crew were lost. The boat carried 250,000 bushels of wheat.

DRY BILL IS STILL OPEN
 House and Senate Conferees Expect to Agree This Week

Washington, Sept. 15—Senate and house conferees on the prohibition enforcement bill were unable to reach final agreement yesterday, but expect to complete their work this week. Many liberalizing amendments of the Senate, it was said, have been accepted by the House managers.

DON SALVADOR SOL M.

Senor Don Salvador Sol M., recently appointed minister of Salvador to the United States, has studied closely the political life of his country and at the same time has traveled extensively. He has devoted particular attention to the economic and political life of the United States and knows a great many people of consequence in this country.

Peace Delegation Endorse Treaty

(By United Press)

Paris, Sept. 16—Members of the American peace delegation issued a statement today endorsing with qualifications the German peace treaty and league covenant. The statement explained, was in repudiation of the testimony by Wm. Bullitt before the senate foreign relations committee in Washington.

SHIPYARD WORKERS REFUSED OLD JOBS

New York, Sept. 15—Eight thousand shipyard workers who "automatically" established the 44 hour per week schedule Saturday by quitting at noon found themselves without jobs when they reported for work today in Brooklyn. Employers declared the men had "automatically resigned" by their action Saturday and announced all strikers would be paid off today.

Chicago Steel-workers Receive Strike Orders

About 150,000 Steel Workers in Vicinity of Chicago Will Strike Monday

Chicago, Sept. 16—(United Press)—Order for members of the Steel Workers union in the vicinity of Chicago to strike Monday morning were received by local unions today. About 150,000 in the vicinity of Chicago will strike, according to union officials. It will include every steel industry from Milwaukee to Gary.

Condition of Federal Treasury Alarming

Chairman of Appropriations Committee of House Warns Against Orgy of Spending

Washington, Sept. 16—(United Press)—The federal treasury almost facing a deficit of \$3,591,273,345.25 for the present fiscal year, Rep. Good of Iowa, chairman of the house appropriation committee, declared in a speech to the house today. He warned that "the actual conditions confronting the treasury is almost alarming" and the house should calmly consider obligations also existing and that must be made before there are more enlargements in the program calling for additional expenditures.

Good declared that the total requirements of the government outside of the present urgent deficiency that will be asked for by June 30, 1920, are \$10,831,201,585.26. The revenue of the fiscal year will be \$7,239,928,240.

Good strongly recommended the appointment by President Wilson of a national finance officer to have complete oversight over all government expenditures so that economy may be practiced by the government. He said high costs cannot be reduced while the government continues its "orgy of spending." He called upon the president to use his authority to practice the strictest economy.

President Wilson Now in California

Hiram Johnson's State Entered by President in His Campaign for Treaty Ratification

BY HUGH BAILEE,
 (United Press Staff Correspondent.)
 Aboard the President's Train in California, Sept. 16—California, the home state of Senator Johnson, who is on the tour of opposition to the peace treaty, was to be entered today by President Wilson in his campaign for ratification of the peace treaty.

The president was to make his first speech in California this afternoon. His train being scheduled to cross the line about 12:30, Pacific time.

It was considered unlikely that there would be any rear platform speeches as the president is saving his voice for efforts in the big campaign in California. His voice seemed to show some evidence of a slight strain at the beginning of the Portland speech last night, but as he talked it wore off.

Shantung has not been touched upon by the president since reaching the Pacific coast. It is one of the principal points of opposition, and it was expected the president would fully explain his viewpoint of it where the Japanese question is alive. He mentioned it in several middle west speeches. The president's train had no stops scheduled for today.

Thirty-two Strikes Up to Labor Department

RALEIGH COUCH,
 (United Press Staff Correspondent.)

Washington, Sept. 16—Thirty-two strikes have been put up to the labor department for settlement since Aug. 26, when the industrial truce from the president was to have gone into effect. These figures in the hands of the department conciliation bureau indicated, according to officials, that since the asking of the truce, labor troubles have been on an upward trend rather than downward.

MICHEL BOURDAIN

Michel Bourdain, fourteen years old, youngest soldier in the United States army. He lived at Maine-et-Loire on a farm with his parents. When the fifty-second ammunition train billeted there, Michel picked up English and soon became so proficient that he was made a civilian employee, given a uniform, and received 250 francs a month.

Senate Passes Soldier Bonus Bill

House Passed Bill Putting in Effect Suffrage Amendment

St. Paul, Sept. 16—(United Press) Senate of Minnesota this afternoon passed the soldiers' bonus bill without a dissenting vote. Because of amendments the measure must go back to the house for consideration. A bill by Rep. Warner of Aitkin, giving women equal rights with male voters, was passed today. The bill put into effect the provision of the federal suffrage amendment.

Governor Burnquist's recommendations for primary election law changes are embodied in a measure reported favorably by the senate election committee.

Three bills aimed at high cost of living were passed by the house today.

Members of the Famous First Division Forming Their Insignia While at Coblenz

This unusual photograph of members of the famous First Division, which formed the insignia of the division, are back home ready for the parade.

2 BANK ROBBERIES IN TWIN CITIES THIS MORNING

St. Paul Detectives Capture Three of the Bandits Who Robbed Bank Opposit Ft. Snelling

3 AUTOISTS KILLED, HURLED 30 YARDS

Ten Others Injured in Sunday Accidents—One Expected to Die

Minneapolis, Sept. 15—Hurled 30 yards when the automobile in which they were riding was struck by a northbound Soo passenger train, three St. Paul motorists are dead today.

Ten others were hurt in Sunday motor accidents in the twin cities. One is expected to die.

The St. Paul police today said they could not explain how the accident on the Soo tracks occurred as there is a clear view of the crossing. The three who were killed occupied the rear seat. Miss Grandel occupied the seat with Mr. Miller.

Herbert Sinclair is expected to die in the St. Paul city hospital following a fall from an automobile. He was seated on the door and was thrown out when the latch gave way as the car rounded a corner on West Seventh St., St. Paul.

BEAN MIXERS HAVE EXCUSE

Chicago Wholesale Men Insist Public Received Benefit

Chicago, Sept. 15—By mixing beans, wholesalers being investigated by Chicago food director for obtaining a profit of 30 per cent on government stocks, assert they did the public a favor. Director Poole, who listened to the argument of managers of two wholesale firms on the merit of mixing army beans with store brand beans, said that he was not convinced that the wholesalers had a right to make a 30 per cent profit.

One firm which bought 134,794 cans of government beans at \$1.98 a case, 9 cents a can—and sold them for \$1.35 a case, stated that by doing this the price of the better bean was decreased to the consumer, because the retailer was able to sell two cans—one army and one regular—for 25 cents.

Robbers of the Minneapolis Bank Escape With Loot After Locking Officers in Vault

St. Paul, Sept. 16—(United Press)—Three bandits were captured by four St. Paul detectives after a gun fight at Mendota at 10:15 today following an attempt to rob the Mendota State bank opposite Fort Snelling. All of the \$4,000 loot was recovered the police said.

Five bandits participated in the robbery and detectives are searching the Minnesota river valley for the missing. One of the captured bandits was wounded in the arm, another cornered and three were captured in the underbrush. More than fifty shots were fired in the battle between the bandits and the detectives.

Detectives arrived in an automobile shortly after the bandits left the bank. Mendota is only a short distance out of St. Paul on the Omaha line.

Minneapolis Bank Robbed Today Noon

Armed Bandits Lock Employees in the Vault and Escape With \$10,000 Cash

Minneapolis, Sept. 16—(United Press)—Five heavily armed bandits robbed the Chicago-Lake State bank at 741 East Lake street, Minneapolis, shortly before noon today and escaped with \$10,000 in cash after locking three of the employees in the vault.

Delay Predicted in Treaty Consideration

By L. C. MARTIN
 (United Press Staff Correspondent)

Washington, Sept. 16—Senate leaders today decided there would be no real action this week on the peace treaty which was formally called up yesterday. There will be speeches but actual reading of the treaty will be called off until later in the present week or the first part of next week. Senator Curtis, republican leader, said the reason is that Senator Lodge and others opposing in the peace settlement, want to leave Senator Johnson free to complete his stumping tour. Senator Borah, who also has been stumping, was called back by Senator Lodge. Much bickering is likely to spring from this situation.

Senator Hitchcock is determined, he said, that the treaty opponents bear full responsibility for any undue delay. He intends to prod and harass all he can in every possible way for them to speed up.

The treaty should be ratified within two weeks, Hitchcock said. Delay will not help the opposing cause because every senate vote is now fixed, both on amendments and reservations.

Senator Sherman was to address the senate today.

SPAIN SEEKS U. S. CAPITAL

Dato, Former Premier to Visit American Investors

Madrid, Sept. 15—Eduardo Dato, former premier, is planning a visit to the United States in January, according to dispatches from Bilbao. The object of the visit will be to gain knowledge of the country and to find out what are the possibilities for obtaining American capital for public undertaking in Spain.

General Pershing and His Favoriet Horse

Until the parade of the First Division in New York, with General Pershing at its head, started there was uncertainty as to what horse he would ride. A request had been made by army officials that the quarantine placed on the general's horse,

Kidron, be raised in time for the commander to use him as his mount. This quarantine was placed on all incoming animals by the Department of Agriculture. General Pershing is seen here with Kidron.

Mr. and Mrs. E. Johnson of the Northland location are the parents of twins, a son and a daughter, recently born at the Allen hospital in Crosby.

Miss A. Price of Onamia has taken up her duties in the local schools.

Mr. and Mrs. M. Larson and son were at Crosby Monday evening.

William Petraborg was at Staples Sunday and Monday.

Miss Norma Pearson underwent an operation at the Allen hospital at Crosby Saturday.

To Clean Diamonds.

Diamond dust is a fine dust produced from cutting diamonds. It is extensively used by jewelers, chiefly for cleaning diamonds. It may be procured in any jewelry store, together with instructions for its use. Another quite satisfactory way to clean diamonds is to make a lather of soap, add a little ammonia and apply this cleansing preparation to the stones with a tooth brush.

Furniture Polish.

This is a polish used by a cabinet maker who learned the trade. One-half pint raw linseed oil, three tablespoonfuls turpentine, two tablespoonfuls alcohol, three tablespoonfuls vinegar. Shake well before using.

WOMAN'S REALM

OPENS STUDIO
IN DULUTH

Miss Marie Clark, Daughter of Mr. and Mrs. D. M. Clark, Teaching Dramatic Art and Dancing

"THE TWO ARTS STUDIO"

She Received Highest Certificate from America's Foremost School of Dancing in New York

(Duluth Herald Society Page)

Miss Marie Clark, daughter of Mr. and Mrs. D. M. Clark of Brainerd, Minn., will open a studio for dancing and dramatic art in Duluth. It will be known as "The Two Arts Studio".

Miss Clark recently returned from New York city where she received the highest certificate from America's foremost school of classic dancing, the Chalf school, under the auspices of which she appeared with marked success at Carnegie hall and the Studio club of New York. For several years she has been connected with the best dramatics in private schools and has directed home talent productions in many parts of Minnesota.

Her Duluth studio will be open three days a week. Miss Clark, who interprets as well as teaches the arts, will include in her dancing courses toe dancing, child fancies, aesthetic, Greek interpretive and society. Pantomime, expression and other phases of dramatic art will be offered.

Duluth News-Tribune

The Duluth News-Tribune society page Sunday had this reference to Miss Clark's studio:

Miss Marie Clark, the attractive daughter of Mr. and Mrs. D. M. Clark of Brainerd, will open a two art studio in Duluth this month. Miss Clark who is a graduate of the Chalf school of dancing in New York city, will teach classic and ballroom dancing and dramatic art.

Miss Clark has taught dancing and dramatics in several private schools of the state and is well known for her work on staging charity benefits.

The classes in dramatic art will be divided into reading, spoken songs (pianologues) and public speaking.

The location of her studio has not as yet been determined.

MINNEAPOLIS OPERATIC CO.

To Be First Number of University Lyceum Court Wednesday, October 8

On Wednesday, October 8, Gardner auditorium will undoubtedly be filled to its capacity by a representative audience of Brainerd citizens, the occasion being the appearance of the Minnesota Operatic Company, the first entertainment of the University Lyceum Course, booked for this city through efforts of Reverend Eloy Carlson, who so successfully arranged the booking of a similar course last year.

Among musical organizations the Minneapolis Operatic Company is distinctive not only for the high quality of its presentations, but for their variety and novelty as well. The personnel is made up of singers of unusual natural endowments of voice and dramatic ability developed to a high point of excellence by long, careful training and ripened by an extensive experience before the public; and instrumentalists of equal attainment.

Has Originality

The members of the company, under the vocal direction of Beatrice L. Thurston and the dramatic direction of C. G. Stevens, have been working together for several years, and in carrying out their purpose to present art music in a new and more attractive manner than has been the custom hitherto they have introduced many innovations into the concert mode which stamp their presentation with marked originality, and have won pronounced success and wide popularity.

Attractive Settings

The company's splendid musical renditions are enhanced and enlivened by attractive stage settings and colorful costumes, and the interest heightened by appropriate dramatic action, resulting in a vital, impressive performance which gives pleasure to the eye as well as to the ear.

Th repertoire covers a wide range of musical literature, including quartettes, excerpts and scenes from grand and light opera, folk songs of various countries, duets, solos and instrumental selections of the highest excellence.

OLD PAPERS—5c BUNDLE

MISS ELIZABETH CAMPBELL

Of general interest to the public and of peculiar interest to congressional circles is the announcement of the engagement of Miss Elizabeth Pitt Campbell to Capt. Burdette Shields Wright. She is the daughter of Representative and Mrs. Philip P. Campbell of Kansas.

Presbyterian Ladies' Aid

The Presbyterian Ladies' Aid society will be entertained on Wednesday afternoon by Mesdames John Carlson and W. J. Lyons at the home of the former, 401 Holly St. N. The meeting will open promptly at 3 o'clock to which all members are urged to be present. Visitors are extended a cordial invitation.

Catholic Foresters

The Woman's Catholic Order of Foresters Aid will be entertained by Mrs. M. E. Ryan Wednesday, Sept. 17.

Baptist Aid

The Ladies' Aid of the Baptist church will meet with Mrs. Joseph Nicholson, corner 8th and Juniper streets on Wednesday afternoon. Visitors are always welcome.

MILADY'S COIFFURE

A charming effect in women's hair-dress produced by an exquisitely constructed comb, somewhat resembling a beautiful butterfly.

Simple Duty.

What does a man more than his simple duty in coming out for the right? Besides is it any sacrifice to be in the right?—Lowell.

Poor Women
Makes Sacrifice

"For years I have doctored for indigestion and severe bloating with gas, all my money had gone for doctors and medicine which did me no good. I had lost all faith in medicine and as I have to work hard for the few dollars I earn, was afraid to risk any more money. A year ago my neighbor told me to try May's Wonderful Remedy. I have found it to be the best medicine in the world and am glad I made the sacrifice." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

LEAGUE WILL
PREVENT WAR

Senator Owen Says This Is So Because the People Now Rule.

ATTACKS LODGE'S AGREEMENT

Oklahoma Senator Says Republican Leader Seems to Forget That Military Autocracies Have Been Swept Away.

Washington, D. C., Sept. 1.—Senator Owen of Oklahoma, in a speech in the Senate Saturday replied to the arguments advanced August 12 by Senator Lodge against the League of Nations. The Oklahoma Senator devoted his attention particularly to the fundamental purpose of the League of Nations, namely, an instrumentality for the maintenance of the world's peace.

"The Massachusetts Senator calls attention," he said "to the alluring promises made in the Treaty of Paris of November 20, 1815, and the high purposes alleged in the treaty of the Holy Alliance, and shows historically that wars followed, and not peace. He argued by necessary inference that these promises of peace and assurance of high purposes did not produce peace but war, and therefore that the declaration of purposes found in the present covenant of the League of Nations would naturally be followed by war, because 'mankind repeats itself'."

Fallacy of Lodge's Argument.

"The obvious fallacy of this argument is that the alleged 'purposes' of the Holy Alliance had nothing to do with the consequences which ensued from that alliance. War did not result from the virtuous promises made to the people by the Holy Alliance. The Holy Alliance made wilfully deceitful and false promises of brotherly love and peace in order to deceive the people of Russia, Prussia and Austria, and thus prevent them from going into a revolution as the people had done in France under the conditions of tyranny and brutal military power. The fact that wars followed the Holy Alliance was because the treaty was between military dynasties, controlled by intrigue, by rival armaments and by ambitious secret purposes. They were lined up against other similar governments at that time not greatly in advance of them in structure of government or in conception of liberty and popular rights. England, however, was becoming steadily more democratic and soon withdrew.

Had Secret Ambitions.

"The cause of war was wrapped up in the treaty of the Holy Alliance of Russia, Austria and Prussia because of their then several secret, dynastic and military ambitions. There was during that period no available or possible provision in the world for conciliation and arbitration in the settlement of international disputes. There was no means of promoting progressive disarmament, and the lust for power, unrestrained by law, unavoidably led to war as a necessary consequence. There was no adequate restraining power in all the world, and no forum where the organized opinion and power of mankind could make itself effective for peace as there is available now.

"The trouble with the Senator from Massachusetts is that he has shown himself unable to discriminate between the consequences of governments based upon tyranny and brute force, such as Russia, Prussia and Austria, Bulgaria and Turkey, and the consequences favorable to peace of governments based on the consent of the governed, on justice and liberty, such as the United States and Canada, the South American republics, Australia, Great Britain, France, Belgium, and Italy.

Had Adequate Cause.

"The Senator from Massachusetts has failed to discover what every student of history ought to know who has a discerning mind and an intelligent comprehension, that the instability and wars of military dynasties had an adequate cause, and that these causes rest in the 'rule of the few,' moved by intrigue, by gross human selfishness, by ambition and lust for the property of other people, leading them to develop great armies nominally for defense, but always secretly for offense, so well described by Von Bernhardi, in his description of the Hohenzollerns and of Frederick II. Everybody seems to know this except the Senator from Massachusetts. The stability of republics and their power for peace is not based on preambles nor lofty promises of high purposes, as the Senator from Massachusetts seems to think. They are based upon sound principles affecting the structure of government, which go to guarantee justice, liberty and humanity and the organized righteous self government of the people. These are the principles which guarantee stability. These are the principles which not only promise but will make sure the peace of the world.

Argues from False Premises.

"The Senator loosely argues 'that since mankind repeats itself' and 'since the Holy Alliance made virtuous promises' and war followed, therefore that the virtuous promises of the present covenant of a league of free nations can mean nothing but war. The Senator argues from the false premise that the promises of the auto-

crats of the Holy Alliance were sincere. They were not sincere. They were wickedly false.

"I wonder, when the learned Senator was quoting the treaty of the Holy Alliance with its virtuous 'promises,' that he did not also quote the secret amendments to the treaty of the Holy Alliance of 1822, which disclose infinitely wicked deceit of these promises; the secret Treaty of Verona, in which the 'Holy Alliance of Liars' pledged their undying hostility to the democracies of the world, and the freedom of the press. Since the Senator thinks it was the 'virtuous promises' of the Holy Alliance that led to war let me call his attention to their pledge to destroy the democracies of the world, and he will see, I trust, an abundant cause for war necessarily involved in the treaty of the Holy Alliance with its secret amendments at Verona, not because of their 'virtuous promises' but in spite of them. Their secret purpose was war."

Quotes Old Treaty.

The Senator here quoted the terms of the secret treaty under which the monarchies pledged themselves to make war against all peoples in Europe who might seek to establish democracies.

"The trouble with the Senator from Massachusetts," the Oklahoma Senator continued, "is that he really believes in the rule of the few over the many. He would draw a distinction between 'representative government' and 'by the people.' He does

not believe that the people of a state have a right to initiate and pass the laws that they want, or to veto laws they do not want. He thinks that for the people to express their opinion upon a public question is dangerous to the principle of constitutional government.

"Am I hasty in making this charge against the leader of the Republican party in the Senate? I most certainly am not. The Senator from Massachusetts may have forgotten, but I have not forgotten, his famous speech in Boston on September 15, 1907, for I had been but two days in the Senate when, on December 16, 1907, Senator Hale, of Maine, had printed 29,000 of this famous speech of the Senator from Massachusetts. This was the Public Opinion Bill then pending in the Massachusetts Legislature."

Warring Against Hopes of Mankind. Senator Lodge, he said, attacked this bill on the ground that it would destroy constitutional government in his State.

"May I not be permitted to appeal to the better Americanism of the Senator from Massachusetts not to throw himself across the path of human progress and world peace? He is not, as he thinks, waging war against Woodrow Wilson. He is waging a war against the desires and the hopes of all mankind."

Senator Owen argued that the League of Nations will guarantee by its provisions the future peace of the world, for it puts an end to secret treaties such as those which followed

WORTHY OF SUPPORT

The announcement that Brainerd people will have the privilege of enjoying the seven splendid entertainments provided under University Lyceum and Extension Course seems to have met with prompt appreciation in these columns recently. It is no small venture in a financial way for an association, organization and much more so one individual to assume, and the fact that Rev. E. G. Carlson has undertaken this and made it possible to bring these high class entertainers here for the season of 1919-1920 entitles him to the generous support of the public.

The Lyceum Course entertainments will be given under no church or organization auspices. Rev. Carlson is assuming the entire responsibility actuated by the ambition to do something worth while for the community in which he lives. He consulted prominent citizens in the selection of the entertainments and as a result there is assured something delightful in music, wit and logic, presented by artists in their line who have been carefully selected by the State University Extension Division for their merit. The prices decided upon are modest and within the reach of all. The aim is not to make money out of the series but to make it possible for every family in the city to enjoy varied high class entertainment and if the proper appreciation of the promoter's good work is forthcoming, the course will clear all expenses, the public be benefited and the city recorded anew as one of the progressive municipalities of the state the people of which enjoy and support intellectual and musical treats of this nature.

The Dispatch urges the public to indicate its approval and commendation in the substantial support of this course, in the hope that it may come to be an annual event and insure us something really worth while during the long and oft-times dull months of the fall and winter season.

NORTHWEST NEWS

(By United Press)
Constitution Day

St. Paul, Sept. 16.—The northwest will join the rest of the nation in observing Constitution Day tomorrow—anniversary of the birth of the constitution of the United States of America.

Whole or half holidays have been declared in a number of cities and municipal governments everywhere are cooperating to make the day one of reconstruction of American ideals.

Canada's Nation-Wide Strike

Winnipeg, Man., Sept. 16.—Canada's nation-wide strike scheduled for tomorrow in protest because of the arrest of several Winnipeg labor leaders, probably will develop into no strike at all. The authorities accepted bail for the labor leaders arrested after Winnipeg's general strike, following the strike threat. However, some radicals are believed to be in the mood to carry out the strike of 24 hours regardless of government action.

Saskatchewan Scheme

Regina, Sask., Sept. 16.—The Saskatchewan government is considering a scheme to divert water from the South Saskatchewan river near Elbow to supply Moose Jaw, Regina and other cities and towns along the line. It is understood that municipalities will be asked to co-operate in financing the project.

Game Licenses

Fargo, N. D., Sept. 16.—Some county auditors throughout the state report another falling off in the number of licenses issued for the hunting season opening today. Other report business rushing. The below normal issues of the past two years were attributed to the fact that most of the hunters were busy "over there".

Both chickens and ducks are plentiful this year according to reports from Lake Region, one of the most popular hunting resorts in the state.

New Orleans as Great Grain Port

New Orleans, Sept. 16.—While the Royal wood chopper and his hungry Huns were striking at the heart of the world, the Port of New Orleans was breaking all records for loading cargoes of food for fighters. "New Orleans made a banner record as a port during the war," was the statement issued by the Wheat export Corporation.

Philadelphia first won the blue ribbon by clearing the Somerset with 208,000 bushels of grain in one day. New York with the War Special carrying 240,000 bushels loaded in less than a day. New Orleans eclipsed them both with the Thimble, the cargo consisting of 136,359 bushels of barley being loaded in four hours.

Later New Orleans, now known as Port of the Valley to the World, shipped out twenty-seven full cargoes of grain averaging from 210,000 to 574,000 bushels with nine teen hours the average time for clearing each vessel. The Wheat Export Corporation declared this wonderful feat could not have been performed anywhere else. The grain exported from New Orleans during the war won't fill a string of box cars 402 miles long.

Among the port facilities of New Orleans are a publicly owned belt railroad, miles and miles of docks and wharves and the public grain elevator with a capacity of 2,700,000 bushels. It cost \$2,500,000.

LEAD THE DISPATCH WANTS

AMUSEMENTS

At the Best Today

Clara Kimball Young and her own company will present her latest picture, "The Better Wife" at the Best theatre today as the top-liner of a bill which promises unusual attractions for the screen patrons of this city.

"The Better Wife" is taken from Lenore Coffee's recent novel, "The Love Quest." Miss Young is seen in the role of Charmian Page, who is visiting with her friends, the Kingsons, at their English country estate. One afternoon Charmian sees two lovers in a distant field, and the next afternoon at a tea given in her honor, she learns that the woman was Lady Beverly, wife of Sir Richard and mother of Lady Beverly. She also meets the Comte de Chevalier and Little Dick. She falls in love with Little Dick, and the Comte falls in love with Charmian, but she discourages his attentions. That same afternoon Lady Beverly is killed in a motor accident and Little Dick is seriously injured.

During the next few days, while Charmian is helping to nurse the Little boy, she becomes friendly with Sir Richard, but at the end of a week she leaves England and goes to the Riviera to meet her father. While she is there she learns that an expensive surgical operation is necessary in order to restore Little Dick to health, and as Sir Richard is unable to bear the expense, Charmian urges her father to finance it in "the interests of science."

Sir Richard falls in love with Charmian, and she makes no secret of her love for him, but the memory of his former wife keeps the Baronet from speaking. It is not until later that he learns the truth about the first Lady Beverly, and then he is confronted with the problem of deciding who would be the better wife. It is an interesting story and one of the best Miss Young has ever done.

At the Best Tomorrow

Girls and gowns play an important part in "Other Men's Wives," the latest photoplay featuring Dorothy Dalton, which comes to the Best theatre tomorrow.

Miss Dalton herself sets the pace by wearing some new products from her modiste that are bound to make the women in the audience sit up and take notice. In truth, she runs

PUBLIC SAFETY FUND RUNNING LOW

Finance Committee at Council Meeting Reports \$50.41 on Hand to Meet \$396.26 Bills

TRANSFER IS AUTHORIZED

City Engineer to Get Plans and Estimates on Repaving Oak From 6th to 19th Streets

The regular meeting of the city council was held Monday evening, all being present except Aldermen Lyons, Cordes and Koop. President Strickler presided.

Public Safety Deficit.

The finance committee, Aldermen H. P. Michael, P. M. Koop and A. G. Anderson, reported on the financial condition of the city, calling special attention to the public safety fund. Cash on hand at present is \$50.41. The pay roll due today for the first half of September covering police, fire department, etc., amounts to \$396.26. It was therefore imperative that something be done to take care of such a situation.

The finance committee suggested that court fines and court fees which have been put in the general fund, be transferred to the public safety fund. These items, since the beginning of the fiscal year, May 1, amounted to \$412 and will take care of the situation at present.

On motion of Aldermen Michael and Hagedahl the transfer was authorized.

Re-paving Oak Street.

On motion of Aldermen Andrew Anderson and Hagedahl the city engineer was instructed to prepare plans and estimates covering re-paving with cement oak street from Sixth to Nineteenth streets, conforming to state specifications.

Street Repairs

Repairs needed on certain south side street near city limits were reported and on motion referred to the city engineer.

Cemetery Hill

The city engineer reported on the condition of the cemetery hill sidewalk. It was in bad shape. On motion of Aldermen Rasch and A. G. Anderson, carried, it was referred to the city engineer with full power to act.

Pool Table Licenses

Applications for pool table licenses, made by O. H. Gram of Northeast Brainerd, Carl Bukowski of 304 Fourth Avenue and Dan Stamates of 610 Front street were granted subject to the approval of Mayor P. E. Little.

Chief Engineer John E. Fuller of the State Highway Department, wrote as follows to County Engineer C. L. Mott relative to the location of the state road entering Brainerd from the east, which was road to the council:

"After going over the situation carefully, with respect to the location of state road entering Brainerd from the east, will say that it appeared impracticable to attempt to separate the railroad grade crossing on Oak street. The only alternative in order to avoid a railroad grade crossing would be to divert the line to East Norwood street entirely at the railroad track. This however, could not be accomplished without shutting off Oak street entirely at the railroad track, which is not a feasible proposition, and I do not believe would be approved by the people in the city. Under the circumstances, it seems that the best thing to do at this time is to proceed with the Oak street construction and make arrangements with the railroad company to provide gates and a watch man at the crossing."

Commission May Consider

The city engineer said that when he and the county engineer met with the county commissioners regarding the Oak street route, the commissioners recommended that both engineers take up the dangerous crossing at Oak street with the state railroad and warehouse commission.

Financing Re-paving

George B. Keenan, representing the Minneapolis Trust Co., addressed the council as to financing re-paving saying many cities of the state were making arrangements for such work to be done next year, noticeably Alexandria, Moorhead, Thief River Falls, Austin, etc.

Some discussion followed relative to making improvements as soon as the water rains were put in. On motion of Aldermen Michael and Hagedahl further action was deferred.

New Sewer Petition

A petition asking for a sewer on First and Gillis avenues, Northeast, was on motion of Aldermen Rasch and Hagedahl referred to the city attorney and city engineer for investigation and report at the next meeting.

Draymen Licenses

Draymen W. E. Lewis and St. Hall

SPITS ON WIRE, FLAME BURNS BOY

Woodrow, Minn., Sept. 16—Claiming that spitting on a high tension wire of a power company caused a flash that ignited his clothes and nearly burned him to death, is the story told by Henry Brown, age 12, son of Andrew Brown, a mine worker.

The boy says he climbed a power pole and spit against the wire. There was a flash and his clothing caught on fire. He climbed down and cazed by his burns, ran through the woods, his little sister shrieking for help. His screams attracted a neighbor, Popich, who ripped the burning clothes off the boy.

His condition is serious. His abdomen, back and arms are badly burned, hair singed and his face scarred. He was given first aid by Dr. R. A. Beise and then removed to Northwestern hospital in Brainerd. Young Brown had two brothers in war service, one gave up his life in France and the other has just returned home.

asked the council to make some adjustment in dray licenses. They considered there was too much difference between the \$40 demanded from a motor truck in draying business and only \$5 from an ordinary horse-drawn dray. It was referred to the city attorney for a report.

City and School Nurse

The finance committee reported on the plan of a city and school nurse and recommended that \$200 be appropriated from the poor fund for that purpose. On motion the recommendation of the committee was adopted.

\$10,000 Bonds Due

\$10,000 permanent improvement revolving fund bonds are due. On motion of Aldermen Andrew Anderson and Hagedahl, it was referred to the sinking fund commissioners to take up the bonds.

Gas Mains in Boulevards

Referring to the gas company placing mains in boulevards, City Attorney Fullerton said he had written the gas company instructing them that hereafter all mains be placed in alleys where there were alleys. The contention of the council is that placing mains in boulevards is killing trees exposed to fumes from leaky mains.

Poor Committee

Chairman Witham of the poor committee reported on a case calling for action on his part in which he knew the man pleading for help had funds of his own. He asked for instructions and was told to refuse aid in such cases.

Installing Street Lights

Considerable discussion took place on the cost of installing street lights by the water and light board. The city engineer suggested that before such work was handled by the water and light department that they be required to submit an estimate covering expenses.

Payrolls

Pay rolls of the new waterworks and city engineer's regular payroll were passed on and on motion of Aldermen Rasch and A. G. Anderson ordered paid.

\$15 REWARD

To School Boy or Girl Who First Finds Potato Wart in Minnesota

Does the potato wart or cauliflower disease of potato occur in Minnesota? Through the Division of Plant Pathology a reward is offered of \$15 to the school boy or girl who first finds the disease in Minnesota.

The disease can be recognized by the rough, warty outgrowths somewhat similar to a cauliflower in appearance. The size of the wart may vary from that of a pea to the size of the tuber itself or even larger. They are at first light brown in color but become black as the potato matures.

Send all suspected specimens together with place and date found, and name and address of the grower to the Farm Bureau office, Iron Exchange building, Brainerd, or to the Plant Disease Department University Farm, St. Paul, Minn.

Odd Fellows

Come and learn something new in Odd Fellowship Wednesday, Sept. 17, Second degree. Refreshments, 8:30.

J. C. CLAUSEN, W. G.

75 POSTMASTERS CONVE

Preamble for Argument to Salaries Commission Taken up Tonight

About 75 first and second class postmasters of Minnesota, North and South Dakota, attended the first meeting of the Tri State Postmasters association at the Saint Paul hotel, St. Paul, today. The meeting was called by Postmaster Otto N. Rath, St. Paul, president.

TOM WOOD, MOVIE HERO, IN TOWN

Arrived Monday Night From Los Angeles, Calif., Where he Played Opposite to Chaplin

WILL HEAD OWN COMPANY

Spends Week in Town, and a Week Each Devoted to Minneapolis and St. Paul

Tom Wood, for a time acting opposite Charlie Chaplin, and billed as the world's heaviest comedian, weight 500 pounds, is home on a visit with his parents, Mr. and Mrs. William Wood.

The comedian has severed his connection with Chaplin and will soon star at the head of his own company recently organized.

While visiting three weeks in this section Mr. Wood, or Fat as he is known, will spend a week at Brainerd, a week at the Lyric in Minneapolis and one week in St. Paul. On the coast movie fans and stars of the film world gave Fat a new nickname, "Tiny."

Tom denied emphatically that he was growing thin, some writer of the west having asserted that he had lost ten pounds recently.

PRES. HOWARD ELLIOT OF NORTHERN PACIFIC

President Howard Elliot of the Northern Pacific, traveling by special train, was in Brainerd Monday afternoon and inspected shops and other railway activities here. The special traveled from St. Paul to Duluth, Brainerd and back to St. Paul.

MOBILLOIL BY CARLOAD

D. M. Clark & Co. Unloading Their Second Car of the Season in Brainerd

Some idea of the amount of lubricating oil used by Brainerd motorists in a single season can be gathered from the fact that Clark's are just receiving and unloading their second solid carload of Mobiloil of the season. It is estimated that a carload of this extra mileage oil represents one million miles of running. Over 100 makes of cars and trucks recommend that nothing but Mobiloil be used in their engines.

Besides retailing Mobiloil, Clark's are jobbers of it in this territory and sell through a number of garages in this city, including Woodhead Motor Company, and the Sherlund Company. Clark's attribute, in large part, the immense demand for it, to consistent advertising.

AUSTRIA FEARS CHAOS

Lack of Central Government Causes Districts to Drift Apart

Vienna, Sept. 14—Austria continues to drift toward an internal situation approaching the chaotic, and prominent men and the newspapers are beginning to voice apprehension as to what may follow unless a strong central government can weld the country into a more harmonious national whole.

At present it is apparent that each region or district is for itself and that all of them are against Vienna. At the bottom, seemingly, lie two principal factors—the continued decrease in the value of the crown, and fear of famine. The central government seems to have been unable to cope with either.

SMALL GAME SEASON

Opens Sept. 16—No Hitting for the Stubble to Shoot Prairie Chickens

Small game season opened on September 16 this year, but there'll be no hitting for the stubbles this fall as there is a closed season on prairie chickens. Wild ducks may be taken from September 16 to December 31 and quail may be taken from October 15 to November 30. The closed season on prairie chickens and sharp-tailed grouse continues until Sept. 16, 1922. Big game season opens on November 15 this year and closes on December 5. The daily limit of ducks is 15, wild geese 5 and quail 10.

Professional Enemies of Crocodile.

There are men whose business it is to catch crocodiles and who earn their living by that means. And whenever a human being has fallen a victim a professional crocodile catcher is asked to help to destroy the murderer, and a large reward offered him. The majority of natives will not interfere with the reptiles, or take any part in their capture, probably fearing if they do anything of the kind they themselves may some time or other suffer for it by being attacked by a crocodile.

USE FOR GAS MASK AFTER WAR

Julius Nathe Dons His and Repairs Leaks in Ammonia Laden Air of Refrigerator Plant

USES IT IN THE SMOKE HOUSE

Gas Masks Invaluable, Said Nathe, to Fight Fires, to Render Immune From Gas and Smoke

When some high brow scientist asks if a soldier's gas mask was of any use in these piping times of peace, Private Julius Nathe, of the C. W. Koering meat market, rises to answer.

The ammonia ice plant of the meat market sprung a leak and a big valve needed adjustment. Mr. Koering went to the basement and was nearly overcome by the fumes.

Mr. Nathe, with that directness and dispatch learned by the Yanks in the battle area in France, said to the dizzy proprietor:

"I'll fix it" and he donned his old gas mask, and quickly fixed the valve.

The gas mask found further use, for when Nathe sorts out the hams and sausages in the smoke house, he again puts on the gas mask and works with freedom and comfort in the smoke-laden atmosphere.

A gas mask will give 60 hours continuous service, after which the canister must be replaced, said Mr. Nathe. Thousands of the gas masks, said Nathe, can be used by fire departments, forest rangers, well diggers, miners, in fact any class of men encountering fire, smoke or gases.

FARMERS BIGGEST USERS OF TRUCKS

Manufacturers Come Second With Retailers Third—Much Produce is Hauled

The biggest users of motor trucks in the world are the American farmers, with 79,789 motor trucks in operation.

Manufacturers come second with 75,928, and retailers third with 74,486.

These figures are taken from reliable statistics for the year 1917. Estimates for 1918 show a tremendous increase in the number of motor trucks in use but with the farmer still in the lead.

It is estimated that during 1918 approximately 350,000,000 tons of farm produce were hauled to market in motor trucks by the farmers and gardeners of the United States.

WIRE WORMS IN POTATOES

Pest Doing Considerable Damage in Potato Fields in Crow Wing County

Wire worms are doing considerable damage in potatoes in the field in Crow Wing county this year. In appearance it is a long brownish wiry appearing worm which bores a hole into the potato and deposits its eggs which hatch into a fine white worm a quarter inch in length. Several fields have been found in Crow Wing county that have been damaged to considerable extent by these wire worms.

Treating the potatoes will not exterminate the wire worm but in order to minimize them for next year the potato field should be as far removed from the affected field as possible.

IT PAYS TO ADVERTISE

Get Rid Sof Your Stomach Trouble

Want to be free from headaches, sour, acid stomach, gas, belching, bloating, heart palpitation, pains in the back, side and around the heart, chocking, smothering feeling, depression, nervousness and other symptoms of indigestion and dyspepsia? Want a stomach that will be strong and healthy? Want a stomach that will digest your food without causing you constant distress and annoyance?

Then listen! Get a bottle of liquid MARLIX. Use it as directed—then watch your "stomach trouble" disappear. Watch yourself pick up. Watch how you eat and how fine you feel after eating. Never mind how long you have suffered or what you have tried. MARLIX does not fail. It is absolutely guaranteed by The Marlix Co., Port Wayne, Ind., and druggists. If you want to be rid of indigestion, rid of stomach trouble, rid of distress after eating, get a bottle of MARLIX today and benefit at once. Then you will realize why everyone who ever tries it calls MARLIX "YOUR STOMACH'S FRIEND."

Get it at H. P. Dana, Brainerd, Minn.

Fascinating New Blouses Achieve Unusual Variety

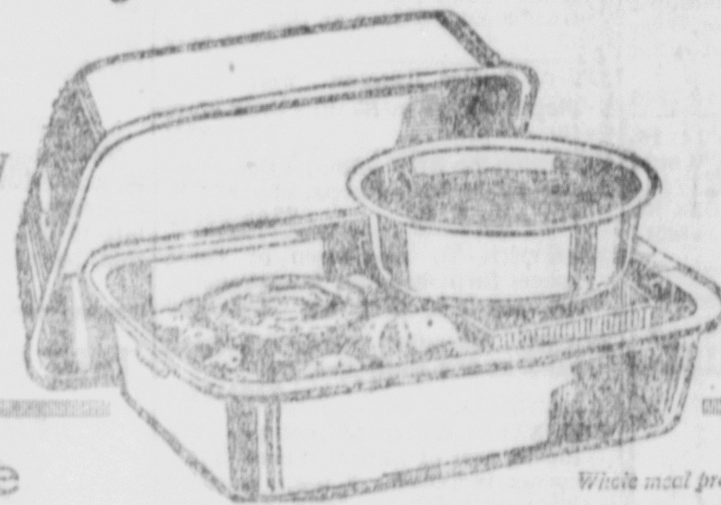

With her characteristic love of novelty, Fashion sponsors Peplum Blouses, Russian types and Basques, and so modish and distinctive are her newest offerings for Fall that they are certain not only to quicken the interest of all, who adore individuality in Blouses, but to outdo popular favor. Instinctively the smart dresser looks for something exclusive and different each new season and in this assemblage she finds hosts of exquisite blouses embodying all her requirements. Here are fringe-ornamented Overblouses gorgeous in hue. Beads and embroidery also do their share to beautify these offerings and certainly they deserve decoration for the splendid way their colorfulness relieves the sombreness of innumerable Autumn landscapes. Most provocative are the girdles which are sometimes of self fabric and often of satin. These blouses are attractively priced. The average remark is "are they not reasonable?" We are always ready to show you.

SPORTS

MORE CLAIMANTS FOR THE TITLE

Brainerd and Stillwater in Their Battle for Semi-Pro Championship Started Something

HIBBING A CONTENDER NOW

When Hibbing and Virginia Finish Series, Winner Takes on Stillwater, Anoka, Melrose

A Hibbing dispatch to the sport page of the Duluth Herald is proof of the fact that the recent world's series between Brainerd and Stillwater evidently started something. The article reads in part:

State baseball title claims are thicker than flies in midsummer time, judging from the number of challenges floating around in the air. When Hibbing and Virginia get through their own little world's "series" there still remains to contest the claims of the winners against the Stillwater, Anoka and Melrose teams. Stillwater defeated Brainerd and eliminated that nine. Along comes Anoka with a record of sixteen straight wins and following right behind comes Melrose "all bet up" about its championship aspirations.

So, when Hibbing and Virginia settle their little argument there will be more championship games. The Hibbing champions are devoting their plans to Virginia these days and are practicing diligently. Acting Manager Newton Randall had every man out in uniform yesterday and the team went through its paces in delightful style to the handful of rail birds watching the proceedings.

PITCHES THREE GAMES IN 4 DAYS

Jack Woods, who pitched for the Little Falls team this year, had a heavy week, from the point of view of baseball. He pitched three games in four days, winning two of them. He threw for Foley against Princeton, defeating them 2-1. Thursday and Friday Woods pitched at Sauk Center. He got 36 strikeouts in the three games.

Religion in a Dream.

To dream that you are taking part in a service in church with a large congregation is said to foretell riches late in life. But if the attendance is thin, beware, they say, of slander!

TRIS SPEAKER LONG IDOL OF BASEBALL FANS AROUND AMERICAN LEAGUE CIRCUIT

"Gavvy" Cravath of the Philadelphia National League Team, Who Was Recently Appointed to Succeed Jack Coombs, is Seen Congratulating Tris Speaker, Who Has Just Been Made Manager of the Cleveland Indians.

News of the appointment of Tris Speaker as manager of the Cleveland Indians was welcomed by baseball fans all around the American League circuit, with whom he was long a baseball idol.

He began his career in the North Texas league—he was born in Hubbard City, Tex.—and later played with the Houston team of the Texas league.

Speaker first joined the Boston team late in 1907, playing his first game in Philadelphia and batting 240 for the three weeks he was with the team.

With Little Rock in 1908.

He was sent to Little Rock in 1908, rejoining the Red Sox at the end of the season.

The next year he joined the ranks of the real stars and since then has been a consistent hitter and has been recognized as perhaps the greatest outfielder in baseball.

It was in a post-season series with the Giants in 1909 that Speaker gave Boston fans striking proof of his wonderful ability. Boston won the series,

BOOSTS PATTERSON

"Had He Pitched All of Game, Brainerd Would Doubtless Have Won"

(Verndale Sun)

Brainerd and Stillwater have been playing a series of games for the championship of Minnesota independent baseball. Stillwater won the first game, 3 to 2, Brainerd the second 4 to 5, and the exhibition game was played Labor Day which Brainerd won also, but this did not count in the series, so Stillwater, after winning at St. Paul last Sunday, won the title. The score of the last game was 3 and 1. Woods pitched the first part of the game, but Patterson was substituted in the third and Stillwater was unable to score off him. Had he pitched all of the game Brainerd would have doubtless won.

Park Rapids was trimmed up by the Mahanomen Indians last Sunday by the score of 14 to 1, getting ten scores in one inning. These Mahanomen boys are claimed to be fast and they play Stillwater next Sunday and will endeavor to wrest the title from them. The Indians have two players who are going to the big leagues next year.

Verndale plays Park Rapids at Wadena one of the fair days and also will play them at Park Rapids in the first part of October, at the Hubbard county fair, two games.

The Way Ping Would Pitch to Babe Ruth

Frank Baker, in a fancy bee, carried the boys back for a moment to the days when the batter demanded the certain sort of delivery they could hit best. It was agreed that if that rule were in force in the present day the outfielders would have to be mounted on motorcycles, and Muddy Ruel said that the playing field would have to be as big as the parade grounds at old Camp Pike, where he was at the officers' training camp.

Just imagine Babe Ruth coming up with the bases filled and a hit needed if he had the privilege of demanding a fast ball waisi high. The question of how to pitch to him under such conditions was placed in open discussion. Ping Bodie solved it. "I'd get back on second base, throw the ball and then duck," said Ping.

Camel Cigarettes

CAMEL Cigarettes meet your taste in many new and unusual ways. You quickly become fond of them—they are so refreshing and cool and fragrant.

You see, Camels are an expert blend of choice Turkish and choice Domestic tobaccos which guarantees the most delightful cigarette qualities that have ever been put into a cigarette. Your test will prove that you prefer the expert Camel blend to either kind of tobacco smoked straight.

Camels blend not only frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor but it assures that remarkable mellow-mild-body! And, you'll be interested to know that no matter how liberally you smoke Camels they will not tire your taste!

Camels are a cigarette revelation! Prove that yourself! We suggest right here that you compare Camels with any cigarettes in the world at any price for quality and for satisfaction!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a dissuase-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
